# MUSCLE 'N SHINE

## A Fully Extruded Nugget for Optimum Condition and Coat Shine

- **Dunstan Muscle 'n Shine** is a palatable, extruded formulation of Soyabean and Linseed.
- **Dunstan Muscle'n Shine** is a nutritious protein and oil-rich supplement to improve overall body condition and coat shine.
- **Dunstan Muscle 'n Shine** contains a high level of essential amino acids to assist with muscle development, therefore it is ideal to enhance topline in Sales, Show and Performance Horses.
- The **Omega 6** and **Omega 3** fatty acids present in linseed and soya oil help to produce healthy skin and high-gloss coat shine.
- **Dunstan Muscle 'n Shine** contains a comprehensive Vitamin and Mineral supplement, including organic minerals and Natural Vitamin E.
- **Dunstan Muscle 'n Shine** provides 'cool' energy to the ration in the form of highly digestible Vegetable Oils.

### INGREDIENTS

**Linseed, Full Fat Soya Bean Meal, Maize, Vitamins, Organic Minerals, Vegetable (Soya) Oil.**

### Typical Analysis

(Approximate on a Dry Matter Basis)

Crude Protein	20.0 %
Fat	11.0 %
Fibre	4.0 %
Salt	0.2 %
Energy DE	16.5 MJ/Kg

### Nutrient Composition

Typical Analysis per kg of

Dunstan Muscle 'n Shine (as fed)

Crude Protein	180g
Calcium	6.5g
Phosphorus	3.8g
Sodium	1.5g
Chloride	3.5g
Potassium	7.0g
Magnesium	2.0g
Iron	100mg
Zinc (Organic)	120mg
Manganese	85mg
Copper (Organic)	45mg
Cobalt	0.4mg
Iodine	1.0mg
Selenium (Organic)	0.5mg

Vitamin A	10,000i.u
Vitamin D	1,000i.u
Vitamin E	125mg
Vitamin K	2.0mg
Thiamine B1	6.0mg

Pyridoxine B6	5.0mg
Vitamin B12	50ug
Niacin	20mg
Pantothenate	10mg
Biotin	100ug
Folic Acid	1.5mg
Choline	150mg

Heat stable Vitamins added at the time of manufacture

### FEEDING RECOMMENDATIONS

Add **Dunstan Muscle 'n Shine** to your existing ration to provide a calorie-dense supplement for weight gain and to assist with muscle and topline development.

#### For coat shine:

- As an integral part of Yearling/Show preparation: Feed 250grams - 500grams daily
- For body condition and topline: Feed 500grams - 1 kilogram daily

#### Feeding Notes:

- If pasture is limited, increased levels of fibre must be added to the diet. The minimum requirement of 1.0% of the horse's body weight must be fed as fibre each day, (on a Dry Matter Basis). Supplementary fibre can be provided in the form of hay, chaff and **Dunstan Betabeet/Dunstan Sugarbeet**.
- Always ensure horses have access to clean, fresh drinking water.
- High Copper levels in **Dunstan Muscle 'n Shine** make it unsuitable for feeding to sheep.

Dunstan Horse Feeds are produced in Equine-Safe manufacturing plants.
